

Date:

Special Education Teachers,

We are in the process of re-evaluating:

In order to have complete information on this student we need current performance levels/information across the school environment, which includes your services. If the student has an IEP coming due, and we obtain information that will impact/change services, we will pass on this new information, input it into present levels, and help you develop new goals. Please fill in the following items with as much information as you have on the student. ***We will be utilizing this as documentation of our current evaluation process and also in writing our final reports on the student.*** Please fill out the information ***for each class*** in which you have the student.

**When you are finished, go to File→Exit. It will ask you if you want to save changes→select YES. Then FORWARD the message back to Jacie Seba.**

Your name:

Class(es) you have the student in:

Specific weaknesses/need for services:

Current grade(s) in your classroom:

Performance on daily assignments:

Performance on tests:

Performance/Mastery according to curriculum standards/mapping:

Missing assignments:

Modifications used:
